Elephoto™ is proud to launch Custom Books for Business!

July 26, 2010 - Elephoto™ has partnered with parent company The Printing House Ltd.™ (TPH®), to announce the introduction of **Custom Books for Business**. Businesses now have the opportunity to tell their corporate story through hard and soft cover books in various sizes and finishes.

Offering businesses the ability to professionally present documents, the Elephoto™ technology allows designers to include text, images, charts, graphs, and so much more into their designs. The books can be personalized with variable content and imagery and provide a sense of legacy due to the professional bindery and presentation. Elephoto™ and TPH® can provide competitive pricing and fantastic turnaround time for volume orders.
