

The Printing House Limited Presents a Holiday Greeting Card Campaign with Heart!

September 7, 2006- The Printing House Limited™ (TPH®) Canada's leading company owned print provider –is pleased to announce that 100% of the proceeds from its annual Charitable Seasonal Card Drive will go to support two national charities Hope Air and the National Service Dogs.

For over a decade, The TPH® Charitable Office has produced seasonal greeting cards with heart. Each year, two different registered Canadian charities are chosen to benefit from the proceeds. The entire production process is donated, including artwork, stock and printing. As such, TPH® is unique in giving 100% of the selling price to the chosen charities.

"Each year we choose two charities to support through our Seasonal Card Drive", explains Janice O'Born Chairman of the TPH® Charitable Office. "This year we have chosen two unique organizations that fulfill our mandate to support charities which help others help themselves. **Hope Air** is dedicated to serving Canadians in financial need by providing free air transportation for medical care not available in the patient's home community. **National Service Dogs** specializes in breeding, raising, training and placing Labrador and Golden Retrievers with children with autism to help them lead more secure and social lives. Both provide wonderful resources to individuals in need in our community."

Heather Fowler, Executive Director of National Service Dogs states; "As one of the recipients of the program, our charity is excited about using the proceeds to help children with autism all over Canada obtain a service dog to keep them safe, calm and to help them make friends." Doug Keller-Hobson of Hope Air is equally pleased to be a part of the program; "Being selected will help further our goal of ensuring that no Canadian gets left behind in Canada's healthcare system. The support of TPH®, and everyone who purchases the greeting cards this holiday season, will directly help in *getting Canadians to getting better!*"

The Cards come in packages of 12 and are reasonably priced at \$15/pkg. Cards can be imprinted with standard greetings, blank, or customized with a personal message. They can be ordered from any TPH® location in Canada, or on line at www.tph.ca/charitable.

About The TPH® Charitable Office

In 1983 The Printing House Limited™ founded the TPH® Charitable Office to fulfill its philanthropic mandate. The mandate involves assisting registered Canadian charities in the communities in which we operate with the donation of services, time and skills, and where the money raised is used in Canada.
